

Convenience and secure parking

Central, secure parking close to Terminal 2 with the option of value-added services is available in car park P20 on level 06. These services include washing, valeting and pickup/delivery for maintenance and repairs. The service office is open 24 hours a day.

Charges:

Surcharge per day or part thereof on top of parking fee: EUR16

Additional information:

Tel.: +49 (0)89/975-9 05 57/58
Fax: +49 (0)89/975-9 05 56

Drop-off areas (last second parking)

You can park your car "at the last second" at the curbside stopping zones at Terminal 1 (modules A, B, D and E) and at Terminal 2. See the table for charges.

Valet parking (cars only)

An airport employee can park your car for you in the parking area of your choice. Simply leave your car in one of the gated parking areas in front of an arrival area at Terminal 1 (section A, B or D) or at Terminal 2 (P29, level 03) and hand in your car park ticket and car keys at the information stand in Terminal 1 (A, B or D) or at the airport information desk in Terminal 2.

You fill in a form with the car's number plate, owner's name, and your preferred parking area. When you return, you contact the car park control center. Your car keys and car park ticket will be handed over to you on payment of the service and parking fee.

Service charges:

Parking areas at terminals EUR20

XXL parking "extra wide, extra close"

There are extra-wide XXL parking spaces located close to the airport terminals where you can park your vehicle easily and get in and out without any problem. XXL spaces are at:

- P1, level 03
- P20, level 03

Charges:

Surcharge per day or part thereof on top of parking fee: EUR9

Parking

Car parks, charges and other information

Parking/Terminal access roads

P1–P4, P5, P7, P8

Situated opposite Terminal 1 are the underground garages P1–P4 for short-stay parking and multi-story car parks P5, P7 and P8 for long-stay parking.

P27

Stopping zone for visitors to the MAC.

P41/P81 holiday parking

To park in the holiday car parks, follow signs marked “Urlauber/Remote” to Nordallee or Südallee. All vehicle occupants can transfer from the remote car parks to the terminals by rapid transit rail or bus free of charge on presentation of the car park ticket.

Visitors’ car park P51 (on Nordallee)

Inexpensive parking at the Visitors’ Park (e.g., EUR1.50 for up to six hours).

P9, P10

Short-stay parking for visitors to the Central Area (Z).

P35

The General Aviation Terminal (GAT) car park with 310 parking spaces is right next to the terminal. The parking pay station is located in the GAT concourse.

Parking for buses and trucks P205 (on Nordallee)

P20

The multistory car park P20 (where higher fees apply from the 5th day) is immediately adjacent to Terminal 2 and the München Airport Center (MAC).

P41

A shuttle bus operates daily every 20 minutes from around 03:00am until 01:00am between P41, Terminal 1 and Terminal 2 (no. 635 MVV bus).

Maximum headroom

Note that the headroom clearance at all vehicle entry points to underground and multistory parking is limited to 2 meters.

P26

The underground car park P26 with 1,300 spaces for long-stay parking is located close to the Kempinski Hotel Airport München.

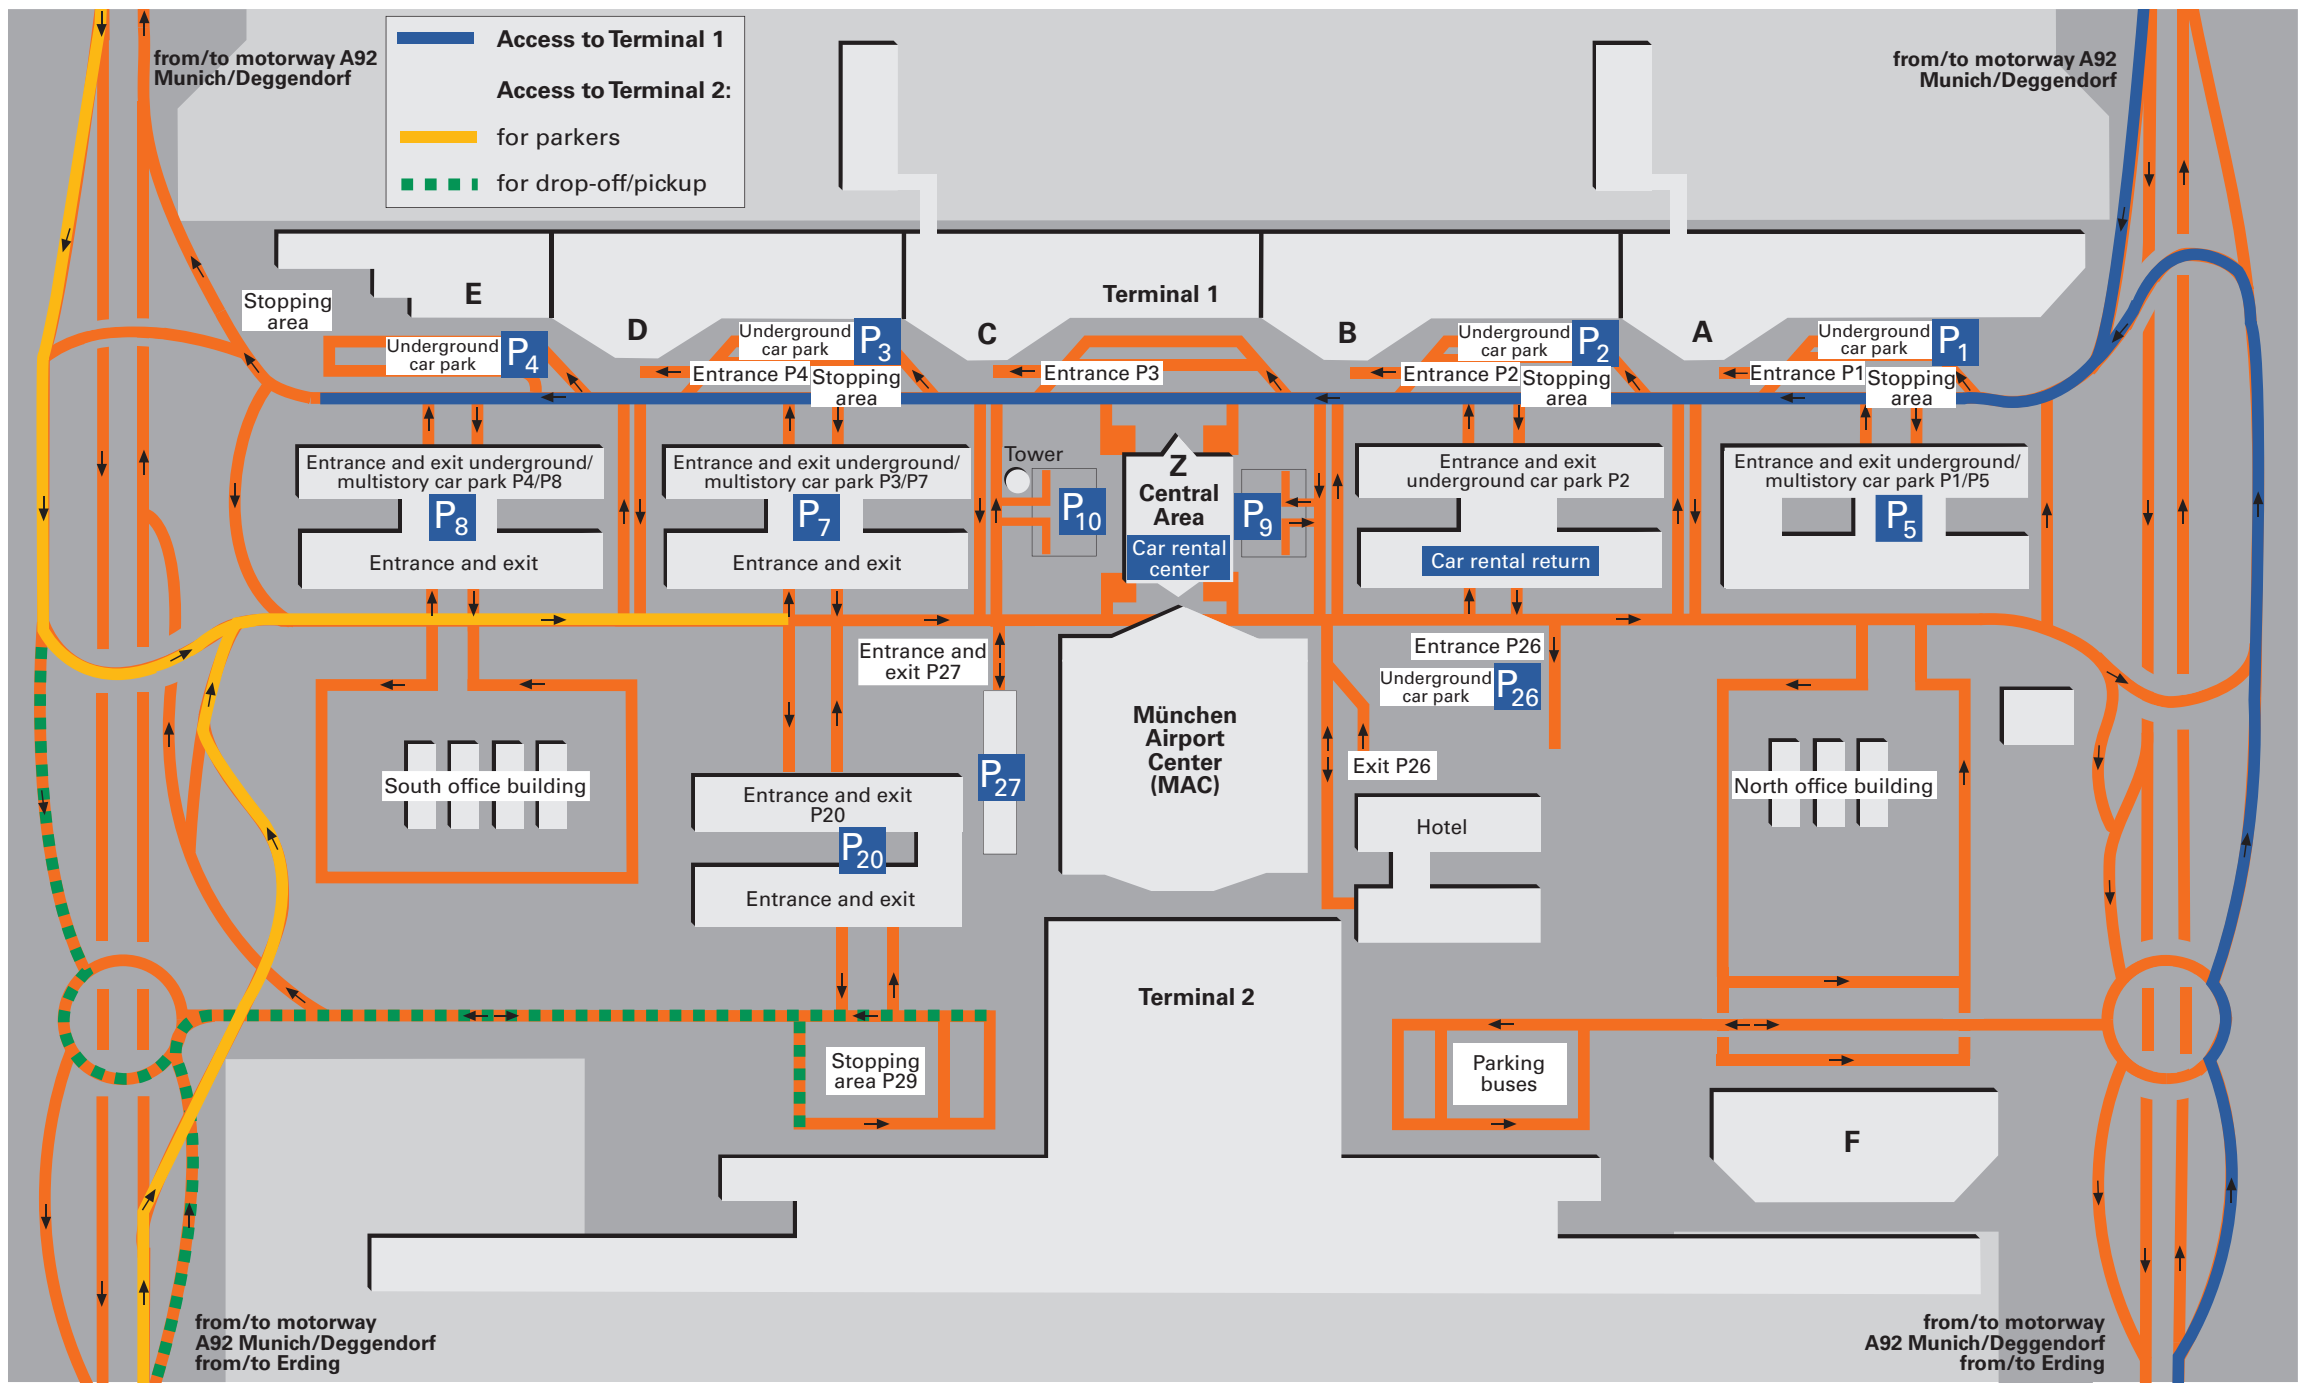

P81

The multistory car park P81 is just a few minutes from the Besucherpark/Visitors’ Park transit rail station. Trains to the airport’s Central Area depart every 10 minutes (lines S1/S8).

More information:
www.mvv-muenchen.de

Higher vehicles must follow signs to P41.

Underground and multistory parking/Entrances and exits

Disabled parking

All car parks have reserved parking for people with disabilities. Carriers of disabled ID cards (groups "aG", "BI" or "H" in Germany) can claim a 50 per cent discount on parking fees at the airport's parking office. Alternatively, an airport service employee can be summoned via the intercom at any of the parking pay stations to collect the parking fee.

Shopping and parking deals

Information is available from businesses at Munich Airport.

Parking spaces for women

All underground and multistory car parks have "women only" parking spaces. Please comply with the signs.

Baggage carts

Baggage carts are available on all building levels for a fee of EUR1.

Pay stations

The automatic pay stations at car parks accept all common payment methods: coins, notes up to EUR50, credit cards (American Express, Eurocard, Visa and Diners Club), and Eurocheque ATM cards. When the car park exit barrier opens, the coded ticket is ejected for retention as a receipt.

Parking guidance system

Illuminated displays at car park entry points indicate the number of free parking spaces. The automatic parking guidance system guides you to empty, numbered spaces. Each parking deck is color-coded for easy identification. Please make a note of your deck, space number and parking area on your car park ticket.

Parking office

The parking office is located in the Central Area and is staffed 24 hours a day (tel. +49 89 975-21921). Car park pay stations are equipped with an intercom for calling the parking office directly for assistance.

Credit card payments

To pay for parking by credit card, you can insert your card into the slot provided at the car park entry barrier instead of drawing a car park ticket. Your credit card is returned to you, and you can then park as usual. When the time comes to drive out of the car park, you don't need to pay at the pay station, you can pay at the exit barrier instead by inserting your credit card.
